

Specification Sheet

DESCRIPTION

- P3XR24175: 24VAC 175VA 7.0A
- P3XR28175: 28VAC 175VA 6.2A

FEATURES

- Electrostatic shield-not required, dual bobbin
- Solder lug/quick connect terminals
- Class F insulation
- Chassis mounting style
- Transformers meet international safety standards by providing high isolation, clearance and increased flammability ratings

- American and Canadian agency approvals; file #E180353 c  

SPECIFICATIONS

- Flammability rating: Bobbin/Shroud UL 94V0
- Power rating: 24VAC 175VA
28VAC 175VA
- Dielectric strength - 4000VRMS
